Sir,

With reference to Government Order No 12239-41 dated Bangalore 28 March 1898 re the appointment of Mr M Srinivasa Rau MA MRCM for the teaching of Biology and Geology in the B.A classes of the Central College and sanctioning an allowance of Rs 200/ per mensem as from the 1st February 1898, I have the honor to report that Mr Bethell who has recently arrived for the Geological Department is prepared to relieve Mr M Srinivasa Rau of the teaching &c

2

Geology portion of the Course and I have the honor to request that sanction may be given to the appointment of Mr Bethell as Lecturer on Geology in the Central College — as part of his duties in Connexion with the Government Geological Department and that Mr M Srinivasa Rau be appointed Lecturer on Biology and Physiology

Mr M Srinivasa Rau's teaching of physiology will be in the Senior and Senior FA classes and will replace the teaching of that subject by the Science Assistants of the College to whom it has hitherto been entrusted I have for many years been desirous that our Teacher of this subject should be a man with a practical ~~knowledge~~ medical Education and has [illegible] to be

book-knowledge of the subject.

Though the results of the 7th Examination in Physiology during the past many years have been satisfactory and the teachers of the subject have done their work conscientiously, still I cannot but think that the teaching of such a special subject, if put into the hands of a Specialist should be of much greater value to students, and that it should be of importance to the State that more of our students are thereby likely to be influenced in favour of Medical Studies than has been the case in the past.

Should the Government Sanction this, the time devoted by Mr Symmers Ross to teaching in the College will remain the same as it has been since 1st February, and considering the importance of the special subjects taught by him I

I trust the Government will kindly agree to continue the same allowance to Mr Srinivasa Rau viz Rs 200/- per mensem

As I must await the orders of the Government before arranging the Time-Table to suit the new teaching Arrangements suggested, I trust that you will be able to communicate the decision of the Government to me at a very early date

I have the honour
Sir
Your most obedient servant

Nevoy
